WHAT I WANT TO GET OUT OF THE NETWORK:

- Establishing new contacts;
- gaining new experiences;
- increasing knowledge in the field of new services for enterprises

WE ARE THE ORGANIZATION THAT:

- our specialization are renewable energy, energy efficiency, development of cooperation between companies and science;
- our clients are entrepreneurs, science and research units, universities and local government units;
- initiates and developing cooperation of different partners within joint innovative projects;
- has very good knowledge of regional conditions; creating an offer of tailored services for enterprises, cooperation with a lot of partners at the regional level and cooperation at the international level;
- has experience in the implementation of the project under the Baltic Sea Region Programme 2014-2020 and as a supporting partner in projects under the HORIZON 2020 Programme;
