WE ARE THE ORGANIZATION THAT:

- is leading national stakeholder for development of innovative and knowledge based entrepreneurship in Slovenia;
- one of its most important roles is to act as a bridge between SMEs and R&D organisations identifying strategic opportunities and providing support, coaching, access to funding;
- is interested in finding and supporting new smart-tech solutions applicable to Smart Homes & Smart Health. In the OIS-AIR project, TPLJ aims to establish an Open Innovation System of the Adriatic-Ionian Region;

ADDRESS:

Tehnoloski park 19
