WE ARE THE ORGANIZATION THAT:

- our customers are technology oriented companies and start ups;
- we are offering our customers a flexible portfolio comprising of infrastructure, services and consulting;
- we provide access to representatives from research and/or economy as well as regional stakeholders;
- are regularly in close experience exchange with other technologycenters to learn from each other;
- for international projects we settled up our subsidiary ATI;

WHAT I WANT TO GET OUT OF THE NETWORK:

- New experience and knowledge.
